Aerial Lifts Pre-Operational Inspection Checklist

Model:	
Truck #	

HITTER					
	Operator #1	Operator #2	Operator #3	Operator #4	Operator #5
Operator Name		/			
Hour Meter Reading					
Date (Month/Day/Year)			7/01		
Operator's Signature		1/0/15			IPI

Certified Aerial Lift Operator: Complete this form, before each use. Check "OK" if the items are in good condition/operation or check the "Repair Required" if the item is not in proper order. **IMPORTANT:** The aerial lift must not be utilized if there are any items that require repairs. Have a service company repair prior to use. **Note to Supervisor's:** It is your responsibility to ensure your operators are continually performing and documenting their pre-use inspections.

Workplace Inspection Ground Conditions Drop-offs, holes, debris, etc. Wind and Weather High wind speeds, harsh weather conditions Overhead Hazards Structures, MAD, utility pipes, fans, lights, etc. Unauthorized Access People, vehicles, equipment, etc. Safety Items Fire extinguisher, PPE, eye wash, first aid kit, etc. Key Off (Visual Check) Fall Protection Worn, damage, working, locks when attached General Overview Emergency stop, fluid leaks on floor, damage, etc. Guardrail System/Platform Bent, cracked, door/safety chain latches, welds Boom, Lift Arms, Chains Broken welds, cracks, bent, greased, rust Hydraulic Cylinders/Hoses Leaks, damaged, bubbles/cuts on hose Tires/Wheel – All Tires Lug nuts, rim damage, sidewall, tread, pressure Turret/Base – All Sides Broken welds, missing bolts, damaged areas Capacity Plate/Safety Decals Controls and Pedals Hydraulic controls and pedals move freely Counterweight Bolts, damage, etc. Propane Cylinder NA Mounted properly, damage, leaks, date Fluid Checks (All Accessible) Engine oil/hydraulic/coolant, etc. Battery Secure, cell caps, leaks, corrosion, cables Key On (Oper, Checks) Emergency Controls Emergency lowering and auxiliary controls Warning Devices Horn, backup alarm, slope warning Fall Protection Engaged prior to any motion when in platform Ground/Platform Controls Ground/Platform Controls Ground-Platform Controls Brake, Foot/Hand Switch Brake, Foot/Hand Switch	1 Opera	perator #2		rator #3	Oper	ator #4	Oper	ator #5
